IMPORTANT ANNOUNCEMENT! Dear Visitors of the Botanical Garden!

Dear Visitors of the Botanical Garden!
The safety of our visitors and their loved ones is our top priority. Recently, there has been an increase in accidents and injuries resulting from falls while riding bicycles and scooters within the garden premises.

In response to numerous requests and suggestions from our visitors, and in accordance with the decision of the Scientific Council:
Starting from April 1, 2026, the use of bicycles and scooters will be prohibited within the Botanical Garden territory.
This measure is being implemented to ensure a safe, peaceful, and serene environment for walking tours. We aim to maintain a comfortable atmosphere where everyone can enjoy the beauty of nature without risk.
We kindly ask for your cooperation in following these guidelines and staying mindful of your safety and the safety of others.
Thank you for your understanding!

Administration of the Tashkent Botanical Garden
