Plant Diversity of Central Asia
Plant and Fungi Taxonomy, Distribution, Ecology and Conservation

Table of Contents
Volume 1, Issue 1, January 2022

Articles

- Conservation-oriented restoration and its application to Central Asia
Sergei Volis 1
- Taxonomic and nomenclatural inventory of the Umbelliferae in Central Asia, described on the basis of collections of the National Herbarium of Uzbekistan
Mikail Ponomarev, Ravshan Rakhimov, Alexander Saveliev, Farhat Akhmedov, Nuzuljon Bekbaev 21
- Morphology of tulips (*Tulipa Lilacaeae*) in its primary centre of diversity
Bekzod Zhabibov, Elmurod Rakhimov, Dilmurod Rakhimov, Farhat Akhmedov, Nuzuljon Bekbaev 52
- Endemic plant species richness of Sakhkhandaryo province, Uzbekistan
Samer Sultan, Dilmurod Rakhimov, Elmurod Rakhimov, Farhat Akhmedov, Nuzuljon Bekbaev 71
- Crossbreeding reveals the scale and genetic architecture of local adaptation in a predominantly selfing *Alnus* sp. population
Sergei Volis, Elmurod Rakhimov, Dilmurod Rakhimov, Farhat Akhmedov, Nuzuljon Bekbaev 85

Editorial Board

- Editor in Chief:** Sergei Volis, Institute of Botany, Uzbekistan
- Managing editor:** Ravshan Rakhimov, Institute of Botany, Uzbekistan
- Editorial Board:**
 - Eric Fritsch, Institute of Botany, Spain
 - David E. Soltan, National Cancer Institute, USA
 - Mark A. Ali, Chapman National University, South Africa
 - Danesh Dzhambirov, Institute of Botany, Uzbekistan
 - Tao Dong, Kunming Institute of Botany, China
 - Amel Amir, Bilkent University, Turkey
 - Fayzulla Gulmoradov, Institute of Botany, Uzbekistan
 - Dmitry A. Gornov, Altyai State University, Russia
 - Cheng-qin Jiang, Kunming Institute of Botany, China
 - Ruslan Akhmedov, Institute of Botany, Uzbekistan
 - Sergey Lyubimov, Institute of Botany and Zoology, Argentina
 - Marcin Matus, Jagiellonian University, Poland
 - Arkadiusz Nawski, Opole University, Poland
 - Musa Omer, Ege University, Turkey
 - Alexander Rader, Institute of Botany, Armenia
 - Alexander H. Saveliev, National Research University, Finland
 - Takashi Suga, Nippon University, Japan
 - Mikhaila Sidorovskaya, Institute of Botany, Uzbekistan
 - Alexander S. Sidorovskiy, Moscow State University, Russia
 - Hong Sun, Kunming Institute of Botany, China
 - Shigehiko Ueda, Nippon University, Japan
 - Yusuf Turayevskiy, Institute of Botany, Uzbekistan

Ushbu jurnal Markaziy Osiyo hududidagi barcha o'simliklarning (suvo'tlar, yo'sinlar va zamburug'lar ham bundan mustasno emas) taksonomiyasi, biogeografiyasi, evolyutsiyasi, filogeniyasi, muhofazasi va shu kabi yo'nalishlardagi tadqiqotlarni nashr etuvchi xalqaro jurnal hisoblanadi. Yuqoridagilarga qo'shimcha ravishda, o'simliklar polulyatsiyasi, o'simlik jamoalari sistematikasi, hayvon-o'simlik munosabatlari kabi yo'nalishlardagi ilmiy izlanish natijalari bayon etilgan maqolalar ham jurnal uchun qabul qilinadi va nashrga tayyorlanadi.

Jurnalning bosh muharriri professor Sergei Volis (Scopusda maqolalari soni 91 ta, h-indeksi 22). Professor o'zining muharrirlik faoliyatini ilgari bir qancha jurnallarda, xususan, "Plant Diversity" (Xitoy), (2021-yildagi impakt faktori - 2.528); "Plos ONE" (AQSH) (2021-yildagi impakt faktori - 3.04) jurnallarida olib borgan. Yordamchi muharrir sifatida jurnalda yana 22 nafar muharrirlar mavjud bo'lib, ular Amerika Qo'shma Shtatlari (Garvard universiteti), Yaponiya (Niigata universiteti), Rossiya (Moskva va Altay davlat universitetlari), Xitoy (Kunming Botanika instituti), Ispaniya (Pireney ekologiya instituti), Polsha (Yagellon

va Opole universitetlari) va Janubiy Koreya (Changvon va Kongju universitetlari) kabi dunyoning 13 ta yetakchi mamlakatlarining ilmiy salohiyati yuqori bo'lgan olimlari hisoblanadi. Jurnalning birinchi nashri 2022-yil yanvar oyida chop etildi. Nashr uchun qabul qilingan barcha maqolalar muharrirlar taqrizidan o'tgach, jurnalning rasmiy web sahifasi (www.pdca.uz) orqali ommaga taqdim etib boriladi. Barcha ilmiy maqolalar xalqaro jurnal standartlariga mos bo'lib, www.doi.org registratsiya agentligidan ro'yxatdan o'tgan doimiy raqamli obyekt identifikatorlariga (DOI) ega. Jurnal №1192, 22-06-2021 raqamli guvohnoma bilan davlat ro'yhatidan o'tkazilgan bo'lib, shuningdek bosma (ISSN 2181-239X) va onlayn (ISSN 2181-2403) nashrlar uchun maxsus o'z Xalqaro standard seriya raqamlariga (ISSN) ega.
